STATINTL

Mrs. Mary A. Silver, Secretary
Board of Revocation and Restoration
of Operators' Permits
Government of the District of Columbia
Washington, D. C.

STATINTL

Dear Mrs. Silver:

I have been advised that a hearing will be held tomorrow morning on the appeal of Mr. [] from an order of the Board of Revocation and Restoration of Operators' Permits. The Board's order followed Mr. [] arrest for speeding.

It is the policy of this Agency that traffic violations and actions resulting therefrom are the sole concern of those employees who have transgressed the law. However, we believe there are extenuating circumstances here. Mr. [] occupies a senior operational position with this Agency, with duties requiring frequent trips to the office and to other points in the area, both at night and on the week ends. Since the majority of these trips are of an emergency nature, it is desirable from the Agency's standpoint that Mr. [] travel in his own automobile. This permits a saving of time, as well as a saving of Government funds, since it otherwise would be necessary to use Government transportation.

We therefore respectfully request that you give this information whatever weight you deem advisable in considering the revocation or suspension of Mr. []'s operator's permit.

Sincerely yours,

STATINTL

OGC/[]/McD
